

NEXPLORA COMPETITION MANAGEMENT

Date: 20/07/2022

Guide: Ms. Lisha Varghese

1. Project Overview?

This website basically provides a competition management system for colleges. On registering for each program, the student has to pay a registration fee. By bringing together easy registration and management processes, this website provides a trouble-free and facile competition managing system for a college, which allows students to easily register for events, purchase associated merchandises and allows coordinators to easily handle registration and student details.

2. To what extend the system is proposed for?

The proposed online college competition management system provides a 24×7 service, i.e., the students can surf the website and register for events anytime they wish to do so. Some of the features that can be modified and added to this system in the future includes trial-run gaming platform for users before registering,

3. Specify the Viewers/Public which is to be involved in the System?

The viewers/public of this website are college students.

4. List the Modules included in your System?

- Login Module
- Registration Module
- Home Module
- Personal Profile
- Search Module
- Preview Module
- Online Games Module
- Announcements Module
- Program Register Module
- Merchandise Module
- Payment Module

5. Identify the users in your project?

- Administrators/Coordinators
- Students

6. Who owns the system?

The administrator is the super user of this application. Only admin have the access into the admin page of the website. Admin may be the event coordinator of a college. The administrator will have all the information about students, events and merchandises.

7. System is related to which firm/industry/organization?

System is related to an educational management organization.

8. Details of person that you have contacted for data collection?

Dalia Maria Jason, Ex-student council member, Amal Jyothi College of Engineering.

Aradina Chettakattu, Student, Amal Jyothi College of Engineering.

9. Questionnaire to collect details about the project? (min 10 questions, include descriptive answers, attach additional docs (e.g. Bill receipts, certificate models), if any?)

- i. What are the important things to note as an admin?
- ii. How do you verify whether an actual user has logged in or a robot?
User verification will be achieved by using reCAPTCHA method.
- iii. Is cancellation of merchandise available?
Yes. Cancellation of an already purchased merchandise is possible.
- iv. What is the most preferred kind of payment mode by users?
Online mode of payment is most preferred by users of the website while purchasing merchandises.
- v. What kind/types of events/programs are present in the website?

Events/programs available in the website are online games, on-stage programs, off-stage programs etc.

- vi. Does the website provide a different dedicated section for the different kinds of events?

No, we provide all events in a single event module.

- vii. Does the system provide notifications or announcements regarding the program details prior to the commencement?

Yes, the system provides announcements regarding the registered programs to the students via the notifications section prior to the commencement of the program. It provides the program details such as time, venue, etc.

- viii. Do the users get a refund if they do not appear for the registered program?

Unfortunately, we do not provide a refund policy if the student does not appear for the registered events.

- ix. Will the merchandises be delivered to the abode of users?

Merchandises can be booked prior by purchasing it online, but the product can be collected in person while arriving at the venue for the program participation, as there is no product delivery.

- x. Will there be a refund on the merchandise purchased incase the user cannot be present for the program?

Yes. Refund of the purchased merchandise will be possible, in case of the absence of the user.
